

1. Student Info Section

- There should be a dedicated button (above or below) 'Next' button to allow students to fill out additional details such as guardian information and more.

The image displays two screenshots of a web application interface for adding a student. The top screenshot shows the 'Add Student' form with a sidebar on the left containing navigation links: Home, User Management, Student Management, Create Student Profile, and Student Profiles. The form includes a title 'Add Student', a note 'Note: All * marked fields are mandatory', and various input fields for student details. Red boxes highlight the title, the note, and the 'Clear' and 'Submit' buttons. The bottom screenshot shows the same form with sample data filled in, including Student Name: Ruby, Date of Birth: 14-06-2000, Age: 24, Gender: Female, Religion: Hindu, Caste: Open, Subcaste: Maratha, Place of Birth: Pune, Nationality: Indian, Mother Tongue: Marathi, Admission Class: sd, Previous School Name: sd, Father Name: Sam, Father Age: 55, Mother Name: Riva, and Mother Age: 45. A red arrow points from the 'Add Student' title in the top screenshot to the 'Student Info' tab in the bottom screenshot.

Top Screenshot: Add Student Form

Note: All * marked fields are mandatory.

Field	Value
Student Name*	Enter student name
Date Of Birth*	dd-mm-yyyy
Age*	Enter age
Gender*	Select
Religion*	Enter Religion
Caste*	Enter caste
Subcaste*	Enter subcaste
Place Of Birth*	Enter place of birth
Nationality*	Enter nationality
Mother Tongue*	Enter mother tongue
Admission Class	Enter admission class
Previous School Name	Enter previous school name
Father Name	Enter father name
Father Age	Enter father age
Mother Name	Enter mother name
Mother Age	Enter mother age

Bottom Screenshot: Add Student Form (Filled)

Note: All * marked fields are mandatory.

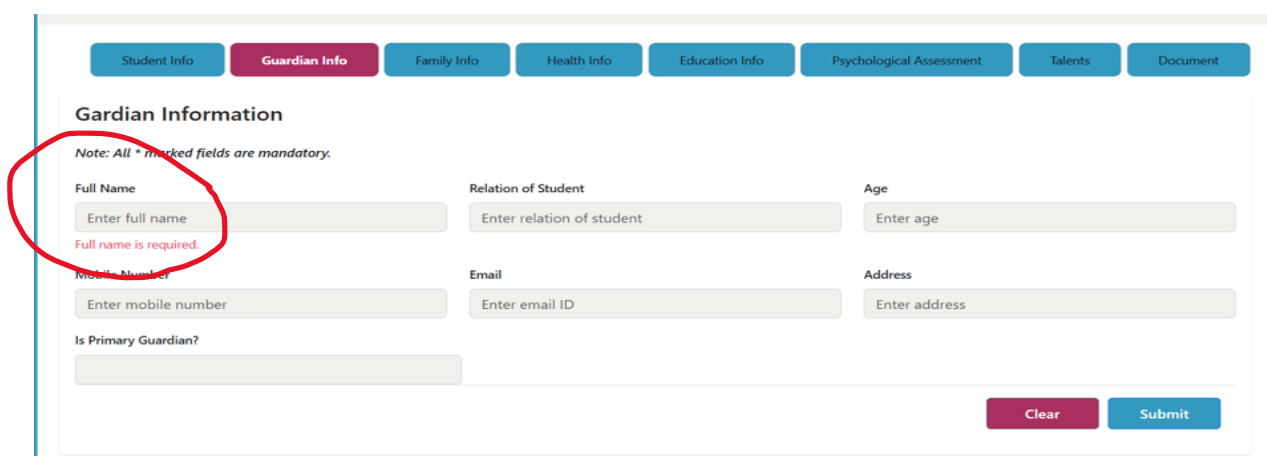

Field	Value
Student Name*	Ruby
Date Of Birth*	14-06-2000
Age*	24
Gender*	Female
Religion*	Hindu
Caste*	Open
Subcaste*	Maratha
Place Of Birth*	Pune
Nationality*	Indian
Mother Tongue*	Marathi
Admission Class	sd
Previous School Name	sd
Father Name	Sam
Father Age	55
Mother Name	Riva
Mother Age	45

2. Guardian Info Section

- The Submit button is not functioning properly. After filling in all the required information, clicking Submit does not display any confirmation or success alert.

Fields marked as mandatory should be indicated clearly with a * symbol. Currently, it shows that some fields are mandatory, but no * is actually displayed on the form fields.

- The "Relation with Student" field is incorrectly accepting only numeric values, even though it should accept text input like "Father," "Mother," etc.
- The Email field lacks proper validation — entering just 3 characters is incorrectly considered valid.
- The Full Name field is not validated properly — even entering only a first name is accepted, which should ideally require a full name.
- The Mobile Number field does not restrict the number of digits — entering a 15-digit number is still marked as valid. This should be limited to 10 digits and validated properly.

3. General Submission and Navigation Issues

- For all forms across the website, the Submit button should display a confirmation alert once details are successfully entered.
- When updating any existing details, the system should confirm the update and reflect the changes immediately.
- A Back or Previous button is required on each step/page to improve navigation and user control.
- At the end of the entire form process, there should be a " Confirm" button for final submission and verification.
- After uploading documents, users should be able to view the uploaded files directly on the same page.
- Currently, documents are not visible in the profile section, which creates confusion regarding successful upload.

1. Delete and Edit Functionality:

- The delete and edit icons are visible.
- However, clicking them does not trigger any action—no popup, redirect, or response occurs.

2. User/Admin Profile Options (Top Right Corner):

- The profile dropdown does appear.
- But options like “Update Profile” or “Change Password” are not functional—no action is triggered when clicked.

The screenshot shows the TMGF Admin Dashboard. The left sidebar contains navigation links: Home, User Management, Create User, All Users, and Student Management. The main content area displays a table of users. The table has columns: Sr. No, Full Name, Email, Mobile, Role, Department, and Actions. The Actions column contains edit (pencil) and delete (trash) icons for each user, which are circled in red. Below the table, there is a pagination bar showing 'Page Size: 10', 'Showing page 1 of 1', and 'Total records: 6'. There are also 'Previous' and 'Next' buttons.

Sr. No	Full Name	Email	Mobile	Role	Department	Actions

6	Siddhi Pokale	sid123@gmail.com	9345564345	Organization Admin	Admin	[Edit] [Delete]

The screenshot shows the TMGF Admin Dashboard with the profile dropdown menu open. The dropdown menu contains two options: 'Change Password' and 'Logout', which are circled in red. The main content area displays 'Comming Soon...'. The top right corner shows the user's profile and the language selector set to 'English'.
